Board of Directors Meridian World School, LLC Round Rock, Texas

We have audited the accompanying financial statements of Meridian World School, LLC (a nonprofit organization), which comprise the statement of financial position as of August 31, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors MERIDIAN WORLD SCHOOL, LLC. Round Rock, Texas January 18, 2021

The Supplementary Information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. NOTES TO THE FINANCIAL STATEMENTS AUGUST 31, 2020

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

The general-purpose financial statements of MERIDIAN WORLD SCHOOL, LLC, Inc. were prepared in conformity with accounting principles generally accepted in the United States. The Financial Accounting Standards Board is the accepted standard setting body for establishing not-for-profit accounting and financial reporting principles.

A. Reporting Entity – The Corporation is a not-for-profit organization incorporated in the State of Texas in September 2010. On April 20, 2009, the School was recognized as an organization exempt from federal income taxes under Section 501(c) (3) of the Internal Revenue Code. International Academy Williamson County is the sole member of Meridian World School, LLC. The corporation is governed by a Board of Directors. The Board of Directors is selected pursuant to the bylaws of the corporation and has the authority to make decisions, appoint the chief executive officer of the corporation, and significantly influence operations. The Board of Directors has the primary accountability for the fiscal affairs of the corporation.

Since the corporation received funding from local, state, and federal government sources, it must comply with the requirements of the entities providing those funds.

- B. <u>Corporate Operations</u> MERIDIAN WORLD SCHOOL, LLC provides general education services for students in grades K through Grade 12. The School operates under an open enrollment charter granted by the Texas State Board of Education. This charter was issued initially for a period of five years; as of August 31, 2020, the School's charter has been renewed through the 2024-2025 school year. The School (Charter holder) only operates the Charter School. The School is part of the public school system of the State of Texas and is therefore entitled to distribution from the State's available school fund. The Charter School does not have the authority to impose ad valorem taxes or to charge tuition.
- C. <u>Basis of Accounting and Presentation</u> The accompanying general-purpose financial statements have been prepared using the accrual basis of accounting in accordance with generally accepted accounting principles.

Financial statement presentation follows the recommendation of the financial Accounting Standards Board (FASB) in its Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-profit Organization. Under those provisions, net assets and revenues, expenses, gains and losses are classified based on the existence and nature or absence of donor-imposed restrictions. Restricted revenues whose restrictions are met in the same year as received are shown as unrestricted revenues. Accordingly, net assets of the organization and changes therein are classified and reported as follows:

<u>Unrestricted</u> - Net assets that are not subject to donor-imposed stipulations.

<u>Temporarily restricted</u> - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the School, the charter school and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

<u>Permanently restricted</u> - Net assets required to be maintained in perpetuity with only the income to be used for the School's activities due to donor-imposed restrictions.

NOTES TO THE FINANCIAL STATEMENTS AUGUST 31, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES - Cont'd

- D. <u>Cash and Cash Equivalents</u> For financial statement purposes, cash and cash equivalents are comprised of cash on hand and in banks.
- E. <u>Property and Equipment</u> All assets acquired with a value of \$5,000 or greater are recorded as fixed assets and are valued at cost or estimated cost. Donated assets are reported at the fair market value at the time of acquisition. Depreciation of building improvements and equipment is provided over the estimated useful lives of the assets on a straight-line basis.
- F. Government Grants and Program Revenues Revenues from the State of Texas available school fund are earned based on reported attendance. Government grant contracts that are entered into by the School are recognized as revenue when services are rendered or when expenses in connection with those services are incurred.
- G. <u>Contributions</u> Contributions are accounted for in accordance with Statement of Financial Accounting Standards (SFAS) No. 116, *Accounting for Contributions Received and Contributions Made.* In accordance with SFAS No. 116, contributions are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.
 - Support that is restricted by the donor is reported as an increase in temporarily restricted or permanently restricted net assets in the reporting period in which the support is recognized. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.
- H. <u>Contributed Services</u> During the year ended August 31, 2020, the value of contributed services meeting the requirements for recognition in the financial statements was not material and has not been recorded. In addition, many individuals volunteer their time and perform a variety of tasks that assist the School, but these services do not meet the criteria for recognition as contributed services.
- I. <u>Vacations</u> Twelve month employees can roll over vacations, but there were only three at the end of the year with non-substantial time available; therefore, no liability is accrued on the financial statements for unused time applicable to vacation or personal leave.
- J. <u>Estimates</u> The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS AUGUST 31, 2020

NOTE 6 - EMPLOYEE RETIREMENT AND PENSION PLAN - Cont'd

The risk of participating in this multiplayer defined benefit pension plan is different from a single-employer plan because: (a) the School is a legally separate entity from the State of Texas, (b) assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers, and (d) if an entity chooses to stop participating in the multiemployer plan, there is no withdrawal liability to the plan. The Academy has no plans to withdraw from its multiemployer plan.

The following present information about the Academy's multiemployer pension plan as of and for the year ended August 31, 2020:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of Board of Directors Meridian World School, LLC Round Rock, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Meridian World School, LLC (a nonprofit organization), which comprise the statement of financial position as of August 31, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 18, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Meridian World School, LLC's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Meridian World School, LLC's internal control. Accordingly, we do not express an opinion on the effectiveness of Meridian World School, LLC's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Meridian World School, LLC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Board of Directors MERIDIAN WORLD SCHOOL, LLC. Round Rock, Texas January 18, 20201

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
